**Process Note: *Disclosure***

*Disclosure* is a “paper profile” that marks the material conditions of a life. The found documents in this series require the reader to construct her own version of the individual being considered within the context of the book and outside of it.

The work’s collected documents speak directly to the socioeconomic situation of the maker and the full manuscript includes a wide range of materials from all aspects of a life, from different decades and areas of experience; I included found materials that are at once familiar to readers and yet reverberate with the inherent idiosyncratic mechanisms and prejudices within our social systems.

*Disclosure* is 81-pages long and the page count correlates with the life expectancy of a white woman in the U.S. Ideally each printed copy of the work would be ordered at random; thus the "narrative" of the book would shift depending on the version one read. Many thanks to *UbuWeb*, *Try*, *Work*, *The Tolerance Project*, *Against Expression* (Northwestern University Press), and *Imaginary Syllabi* (Palm Press) where experiments with the project appear. *Disclosure* will be published in 2010 by Black Radish Books.

 CITY Yuma STATE Arizona  
 GRADE 4 DATE 1976-77  
 TEACHER Mrs. Victoria Reno

"Among all educational instruments the school has a special importance. It is designed not only to develop with special care the intellectual faculties but also to form the ability to judge rightly, to hand on the cultural legacy of previous generations, to foster a sense of values and to prepare for professional life. Among pupils of different talents and background it promotes friendly relations and fosters a spirit of mutual understanding and it establishes, as it were, a center whose work and progress must be shared together by families, teachers, and associations of various types that foster cultural, civic and religious life, as well as by civil society and the entire human community."

AFTERCARE INSTRUCTIONS

IMPORTANT: We have examined and treated you today on an emergency basis only. This is not a substitute for, or an effort to provide, complete medical care. In most cases, you must let your doctor check you again. Tell your follow-up doctor about any new or lasting problems. It is impossible to recognize and treat all injuries or illnesses in a single Emergency Department visit. If you had special tests such as EKG's and X-rays, we will review them again within 24 hours. We will call you if there are any new suggestions. After leaving, you should FOLLOW THE INSTRUCTIONS BELOW.

You were treated today by Dr. DONALD SCHREIBER.

OVARIAN CYST.

Cysts are fluid-filled sacs. They are common in the ovary and usually come and go. When a cyst becomes large it can cause pain. On rare occasions, they might break open and release their fluid. The fluid can be irritating and cause pain. Most cysts disappear without treatment.

Do the following:

- If a cyst causes pain, take pain medicines and rest.

CALL YOUR DOCTOR OR RETURN TO THE EMERGENCY DEPARTMENT IF YOU HAVE:

- increased pain.
- any new or severe symptoms.

HYDROCODONE & ACETAMINOPHEN (Vicodin, Lortab).

\*\*\*\*\*  
Take this medicine as directed.  
\*\*\*\*\*

This is a mixture of medicines used to relieve pain. Side effects may include: sleepiness, upset stomach or constipation (hard stools). Allergy would show up as: rash or itching, wheezing or shortness of breath. This medicine can be habit forming if used for a long period of time.

Follow these instructions:

- Talk to your doctor before taking other medicines (including over-the-counter medicines).
- Sit or stand slowly to avoid dizziness.
- Take this medicine with food or milk to avoid an upset stomach.
- Store this medicine away from heat, moisture or direct light.
- Watch for signs of dependence. They include:
  - feeling that you "cannot live without this medicine".

- you need more of this medicine than before to get the same relief.

- Do not drink alcohol, drive or operate machinery while taking this medicine.

Call your doctor if you have:

- any sign of dependence.
- any sign of allergy.
- increased pain not helped by the pain medicine.
- any new or severe symptoms.

\*\*\*\*\*  
THESE ARE YOUR FOLLOW-UP INSTRUCTIONS!  
\*\*\*\*\*

Call as soon as possible to make an appointment to see your doctor GYNACOLOGIST IN 2-3 DAYS. You can reach your doctor by calling their clinic phone number.

\*\*\*\*\*  
RETURN TO ED IF PAIN WORSENS OR IF YOU GET FEVER, CALL YOUR GYNACOLOGIST IN A.M.  
\*\*\*\*\*

AS ALWAYS, YOU ARE THE MOST IMPORTANT FACTOR IN YOUR RECOVERY. Please follow the instructions above carefully. Take your medicines as prescribed. Most important, see your follow-up doctor again as discussed. If you have problems that we have not discussed, CALL OR VISIT YOUR DOCTOR RIGHT AWAY. If you can't reach your doctor, return to the Stanford Emergency Department (650-723-5111).

"I understand the instructions above, and discussed in the Emergency Department."
